

neva

Un gruppo di lunghi ghiaccioli sospesi al tetto di una casa attraversati dalla bassa luce solare che infrange il ghiaccio creando un gioco cristallino di luce. Ecco fissato questo momento fugace per trasferirlo nello spazio di un'abitazione. Una sottile montatura in metallo crea il riferimento alla natura senza distrarre troppo dal gioco di luce dei vetri.

DANIEL BECKER

A group of long icicles suspended from the roof of a house crossed by low sunlight that shatters the ice, creating a crystal-clear pattern of light. This fleeting moment is frozen in time and transferred into the space of a home. A thin metal frame creates a reference to nature without distracting too much from the lighting effect created by the glass.
